The man showed up the next morning grimmer than ever. He peered his offer - or threat. Meekly the men hesitated. Men contented to the window wanting proposition rather than see their new store ruined. Finally only the racketeer's offer out an. All right turned and left.

Invited to attend a lodge gathering the next night. Imagine the newcomers' surprise and momentary amazement to see that one of the racketeer's men was the racketeer. It came out that Harry Weinstein, knowing he would see the men at the lodge meeting, had staged the bit of hard-bitten ribbing.

When it was a long breath of relief the men drew when explanations had been made and they found they could wash their own windows if they wanted to - or never wash them - as far as H. W. was concerned.

Twice Victim of Joke
Memory of three bushel baskets of empty cigarette packs purchased at a quarter cent to a cent apiece and saved to win himself an automobile, makes one of the Marion policemen write for two reasons: (1) That he let himself be taken in by a comedy plot. (2) That if he saved them after learning the ruse he could at least get his money back now that the company really is staging a contest.

Two of his co-workers with no less foresight waited until he got within earshot and began discussing a flimsy contest which they said one of the tobacco companies was sponsoring with an automobile the reward for a specified number of empty packs.

Without a word to anyone the racketeer began his act. A matter of months passed and again the men began discussing the contest, mentioning pointedly that only a few days remained. Then they sat back and had themselves a time.

The contest which had been paying a quarter cent an empty pack now raised the ante to a half cent and as the last day of the contest neared a penny a pack.

It finally came out that he had three bushel baskets full. Disgruntled is a mild adjective to explain his feelings when the racketeer could not keep the joke a minute longer.

"How did I do it?"
"I just reasoned sensibly."

FORTUNATELY straight thinking told me that vitality and pep was produced by energy created from within. So was the skin beautified and made clear from within. I found the famous SSS Tonic just the remedy to stimulate lagging gastric juices and to supply the mineral elements for restoring deficient red blood cells. Hence greater energy from within and an added glow to my skin.

Be 'tops' again with more vitality - more pep - a clear skin by taking the SSS Tonic treatment. SSS Tonic will be delighted with the way you will feel your friends will compliment you on the way you will look.

SSS Tonic is especially designed to build sturdy health. Its remarkable value is true to the scientific principle that a healthy body is a happy body. That's why it makes you feel like yourself again. Available at any drug store.

FARM AGENT GETS CROP LOAN APPEALS

Funds To Be Provided for Farmers Unable to Raise Cash from Other Sources.

Applications for emergency crop loans for 1937 are now being received at the office of County Farm Agent S. L. Anderson, who will forward them to E. H. Colbert of Findlay, field supervisor of the emergency crop and feed loan section of the farm credit administration.

These loans will be made only to farmers who cannot obtain credit from any other sources as provided by regulations issued by the administration. The money loaned will be limited to the farmers' immediate and actual cash needs for growing 1937 crops or for purchasing feed for livestock. In no instance may the loan exceed \$400.

Emergency crop and feed loans will not be made by the farm credit administration to standard rehabilitation clients of the resettlement administration whose

current needs are provided by the RA.

As in the past, the security for these loans will be a first lien on the crops financed if the loan is for the production of crops; and if for the purchase of feed for livestock, the loan is a first lien on the stock. Landlords or others having an interest in the crops or livestock will be required to waive their claims in favor of the government's lien.

Mr. Anderson, whose office is in the Marion National Bank building said no loans were made from this office last year.

In Ohio History

(From the J. H. Galsbreath collection of Ohio histories, written for The Associated Press.)

OHIO ACTED PROMPTLY
As a compromise between the slave and anti-slavery forces it was provided in the federal Constitution that importation of slaves into the states might be prohibited after 1808.

Ohio had barred slavery from its territory from the first by inserting an anti-slavery clause in her first constitution reaffirming the declaration of the ordinance of 1787 making all that territory non-slave, and it is interesting to note that the fifth legislature of the state sitting from Dec. 1, 1800, to Feb. 4, 1801 adopted a joint resolution memorializing congress and the President to act under this provision and forbid importation of slaves from Africa and the West Indies.

CHAPTER ONE Lovers Go To Luncheon

EVERETT'S ORCHARD leaned back from the desk at the great plate-glass window and looked down at the brown gold chain behind her neck. She was unconsciously contemplating the girth of her bridge.

It was she and him who would be the only ones in the room when they would be there.

Gentlemen: Thinking that you people would be more or less interested in the results that I am personally receiving in my feeding operations on my farm at LaRue, Ohio, want to say that the feed results that I am getting from your 10% Protein Hog Supplement are better than the results I have received from any other supplement used previously. I am glad to say that this Protein Feed is no doubt as good a supplement as any farmer can buy today in helping to decrease his feed costs.

I remain yours truly,
